## **DETAILED ACTION**

### ***Allowable Subject Matter***

**Claims 1-23 are allowed.**

The following is an examiner's statement of reasons for allowance: The primary reason for the allowance of the claims is the inclusion of the limitation of passivating a copper surface with a metallocene containing cyclopentadienyl ligands and no other reactants, in all of the claims which is not found in the prior art references.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
